

**North West  
Services**

**Disability  
Inc**

NWDS is a non-profit organisation enhancing the quality of life for people living with a disability. Our experience and long history of community involvement makes us an outstanding service provider in Sydney's north west.

The Secret Garden and Nursery provides a beautiful range of plants, handmade crafts and seasonal fresh produce.

Our programs provide a real workplace experience, a place to learn, relax and socialise in a beautiful environment. Focusing on meaningful and fun activities to enhance personal growth & self esteem.

NATURE = PAN  
PROGRAM**

***Join the Secret Garden Community  
to develop work and living skills,  
making new friends along your  
journey***

“It is so relaxing in the beautiful natural garden setting, enjoying the aromas of herbs and flowers, feeding the chickens and pigs and joining in the hands on activities”

The Secret Garden and Nursery is a five acre garden managed by North West Disability Service. Located on the Western Sydney University Campus in Richmond

NSW. Staff trained in Horticulture and Disability Support provide weekly programs connecting people with nature.

## PAN PROGRAM

“New” for 2016 ~ the PAN Plants, Animals, Nature, Program combines a range of activities to create an interactive learning experience

PAN

T, W, TH

Combine growing plants in the retail nursery with caring for farm yard animals. Learn a range of skills : horticulture, safety, plant propagation, composting, worm farming, animal husbandry, nursery maintenance, vegetable production, retail skills, nature crafts, plant and bird identification, exploring the beauty of nature that surrounds us.

Our trained staff and helpful volunteers share their knowledge and guide participants. Programs are based on individual needs and aspirations.

**Cost:** \$10 pp

**Time:** 2 x hour sessions
